PUBLIC NOTICE OF CONSTRUCTION

AUGUST-OCTOBER 2019: BRIDGE CONSTRUCTION WORK CONTINUES

NEWLY INSTALLED CONCRETE BRIDGE GIRDERS

CONSTRUCTION UPDATE: AUGUST-OCTOBER 2019

Stage 1 construction work to construct the new concrete bridge deck continues, including barrier rails supported by the recently installed concrete girders. We are also pleased to announce that Stage 2 (southside) bridge work will begin in August, with the installation of a temporary working trestle, similar to the trestle installed on the northside of the existing bridge. These activities are scheduled to continue through the end of October.

Roadwork improvements will continue on Bon Air Road and will focus on completing the intersection of Bon Air and Magnolia. Roadwork at the eastern bridge approach at S. Eliseo will continue and will include new signals and drainage systems. We anticipate periodic one-way traffic control during this work. We appreciate your patience and cooperation as we continue to make these important improvements.

**Please note that all dates are estimated and subject to change.*

Next Steps: Check the project website at www.bonairbridge.com for updates on construction activities and project milestones.
